

## FOOD DEPOT WEEKLY 50/50 GOLDRUSH DRAW

### How Does the Food Depot 50/50 GOLDRUSH Draw Work?

- **This is different from a 50/50 Draw...**
- After you are registered, your player number will be in draw each week unless we are advised to remove it.
- There are two options to play:
  - **IN PERSON** at a retail outlet:
    - Register to play by providing your name and phone number at any of the retail outlets listed below and you will be assigned a TICKET NUMBER which will also be your PLAYER /ACCOUNT NUMBER. You can then purchase tickets - \$2 each; 3/\$5; 10/\$10; 25/\$20, etc. There is no minimum purchase requirement per transaction other than your \$2.00 ticket for up to 52 weeks in advance.
  - **ONLINE:**
    - **If you are a resident of the Province of New Brunswick, you are able to register and purchase your tickets ONLINE at [www.FDA5050.com](http://www.FDA5050.com)**, by providing your name, address, phone number and email address. Players will be assigned a TICKET/PLAYER/ACCOUNT NUMBER. You can then purchase tickets.
    - Any email address can only be associated with ONE Player. (You cannot use the same email address for different players)
    - Due to online charges, there is a minimum TOTAL purchase of \$10.00 per transaction which can be used to purchase tickets on the current and/or future draws for up to 52 weeks in advance. (eg: \$2 ticket x 5 weeks; 3/\$5 ticket x 2 weeks; or 10/\$10 ticket x 1 week).
- **CHECK YOUR TICKET AFTER EVERY PURCHASE** to ensure all is correct and **KEEP YOUR TICKET** as proof of purchase.
- **In the case of a dispute, it is the person whose name is on the winning ticket number who receives the winnings.**
- Every week on draw day (Wednesday), the draw will automatically shut down ticket sales at 1:00pm. It then self audits every ticket to ensure there is a minimum of one ticket in the draw for each registered active player; that any additional tickets purchased for that draw are in the draw; and payment for any purchased tickets has been processed.
- **The winning ticket number** – is chosen using a **random number generator** and it is identified via the 50/50 Goldrush automated software.
  - If it was purchased, the player named on that ticket would be a **WINNER** and collect one-half of the Goldrush Jackpot.
  - If it was **NOT** purchased, then the player named on that ticket would be a **NON-WINNER**, collect zero and the entire Goldrush Jackpot would roll over to the next week.
- **In the case of a dispute, it is the person whose name is on the winning ticket number who receives the winnings.**
- The process then repeats itself the following week.
- Players DO NOT have to be at home at the time of the draw to win. We will continue to reach out to connect with the winners (up to 12 months from the draw date) and **we do not draw another ticket**.
- You can purchase additional tickets on a draw to increase your chances to win. The purchase of 3/\$5.00 pays for one ticket which is ALWAYS IN THE DRAW and adds two additional paid tickets for a total of three chances to win on that draw; a 10/\$10.00 purchase pays for one ticket which is ALWAYS IN THE DRAW and ADDS nine additional tickets for a total of ten chances to win on that draw, etc.
- The “dash + number - #” after each primary number on the player’s ticket represents individual tickets for that draw which is how the system identifies unique tickets in each draw. The primary number on the ticket should always be the same and it should be your assigned player/ticket number.
- There is no limit on the number of tickets that can be purchased.

(over)

- If a player wishes to purchase additional tickets at any time, they do not have to continue to purchase them moving forward. After each draw, those additional tickets (ending in -2; -3, -4, etc) are archived. You only ever have to ensure you pay for your initial \$2 ticket every week to avoid being a NON-WINNER.

#### **IMPORTANT INFORMATION:**

- Players are to be 19 years of age or older OR will require their parent authorization and presence to claim any prize money.
- It is the Player's responsibility to keep their contact information current. Call us to update your ticket information and DO NOT enter the draw with a new player number. Each registered ticket/player number remains in EVERY DRAW until we are advised to remove it. (see below).
- It is the **TICKET NUMBER THAT DETERMINES THE WINNER (OR NON-WINNER) OF THE DRAW.** Winnings will be awarded to the name attached to the winning ticket number.
- Do not enter the draw with multiple player numbers. Contact us immediately if your player number has been changed to ensure you do not have duplicate entries. With duplicate entries, you will be responsible for paying for each unique player number.
